[^0]BUSINESS：Fastenal Company sells and delivers industrial and construction supplies through stores in the U．S．，Puerto Rico，Cana－ da，Mexico，Singapore，China，and the Netherlands．Engages in both wholesale and retail sales．Sells threaded fasteners；tools and equipment；cutting tool blades and abrasives；components and ac cessories for hydraulics，pneumatics，plumbing and HVAC；metals；
Fastenal＇s solid 2014 results augur well for the year ahead．Annual sales increased $12 \%$ while earnings improved nearly $11 \%$ ．A strong focus on cost control should help keep margins relatively stable． The company has also been proactive in reevaluating its geographic coverage as it continues to expand．To wit， 72 stores were closed in 2014．For 2015，manage－ ment expects that the store count will be marginally positive．Although persistent low oil prices may eventually affect Fastenal＇s business in energy－leveraged states，only $12-13 \%$ of overall sales are likely to see an impact，if any．Top－and bottom－line growth has been very good of late，and should remain at healthy levels． As a result，we are keeping our 2015 earn－ ings estimate at $\$ 1.90$ a share．
Macroeconomic uncertainty notwith－ standing，the U．S．economy has been relatively strong and should continue to support Fastenal＇s expansion plans over the next couple of years．Mean－ while，its efficiency－oriented strategy for established stores and its growing vending
segment ought to help keep margins around their recent－year levels．
and janitorial，welding，safety and electrical supplies．Has 2,637 stores and 18,417 employees．Officers \＆directors own less than $1 \%$ of common stock；Ruane，Cunniff \＆Goldfarb，8．1\％；Vanguard， $7.5 \%$（2／15 proxy）．Chrmn．：Robert A．Kierlin．Pres．\＆CEO：Willard D．Oberton．Inc．：MN．Address： 2001 Theurer Boulevard，Winona， MN 55987．Telephone：507－454－5374．Internet：www．fastenal．com．
The company＇s plans to reposition it－ self for the future are proceeding well．Its vending solutions appeal to larger customers while its stores remain popular with smaller businesses．Fostering deeper ties with its existing customers will be an important priority as it looks for ad－ ditional growth opportunities over the next 3 to 5 years．
These shares have been in a down trend over the past year，but offer some intriguing long－term prospects． This neutrally ranked equity has a compe－ titive dividend yield and is priced at an at－ tractive valuation relative to its historical median P／E．Value－oriented investors will want to consider this stock＇s above average long－term appreciation potential． Fastenal also has a high score for Finan－ cial Strength and has ample resources to support its long－term strategic goals．Com－ petition，however，will likely increase over the 3 －to 5 －year pull．As a result，its ongo－ ing enhancements to efficiency will prove to be crucial．Investors looking to add some stability to their portfolios will also want to consider this high－quality stock． George M．Lee
