

VALUE INVESTING

► GSB.COLUMBIA.EDU/EXECED/PROGRAM-PAGES/DETAILS/61/VI

Learn what top investors know. Value Investing is not just a course, it's a concept that was developed here at Columbia Business School. Participants learn how to use limited data to select investments. Our case-study approach demonstrates how to estimate investment risk more precisely and help improve the management of a value portfolio.

HOW YOU WILL ADVANCE

Data Utilization.

Learn a unique method of fully exploiting available data for making investments.

Systematic Valuation.

Understand proven techniques that were first taught by Benjamin Graham and David Dodd at Columbia Business School, as detailed in their legendary book, *Security Analysis*.

Growth and Risk.

Strengthen your ability to evaluate growth and risk for successful investing.

Precision Portfolio Management.

Estimate investment risk with more confidence.
